BAD STOMACH MAKES BAD BLOOD.

You can't make sweet butter in a foul churn. Every farmer's wife knows this. Your stomach churns and digests the food you eat, and if foul, torpid or out of order, your whole system suffers from blood poisoning. You will have foul breath, coated tongue, bad taste, poor appetite and a whole train of disagreeable symptoms. Dr. Pierce's Golden Medical Discovery, which is not a beverage composed of whisky or alcohol, being entirely free from intoxicants, is a great regulator and invigorator of the Stomach, Liver and Bowels.

"About a year ago I was ill with blood poisoning," writes Miss Eveline Louis, of 89 Walter Street, Buffalo, N. Y. "I had what seemed to be a small cold sore on my lip. It became very angry in appearance and began to spread until it nearly covered my face. I was a frightful sight and could not go outside the house because of my appearance. I used a blood medicine which did not give me any relief. Then I began to take your Golden Medical Discovery.' I was greatly benefited with the first bottle and after taking the second bottle was completely cured. The erysipelatous eruption disappeared and my blood was cleansed. My complexion is clear and fresh and I have felt better this year than I did for some time before. Dr. Pierce's Golden Medical Discovery is certainly a most remarkable medicine."

Don't accept a substitute for a medicine which performs such cures and which has a uniformly successful record of nearly forty years to its credit. It's an insult to your intelligence for a dealer to try by over-persuasion to palm off upon you in its stead some inferior article with no record to back it up. You know what you want; it is his business to meet that want.

$50,000 GIVEN AWAY, in copies of The People's Common Sense Medical Adviser, a book that sold to the extent of 500,000 copies a few years ago, at $1.50 per copy. Last year we gave away $50,000 worth of these invaluable books. This year we shall give away $50,000 worth of them. Will you share in this benefit? If so, send only 21 one-cent stamps to cover cost of mailing only for book in stiff paper covers, or 31 stamps for cloth-bound. Address Dr. R. V. Pierce, Buffalo, N. Y.

Constipation although a little ill, begets big ones if neglected. Dr. Pierce's Pellets cures constipation.

THE PEOPLE ALL

In Chorus Cried, Give Us Newbro's Herpicide.

This word of late has been in everyone's mouth, and many are wondering what the word signifies, though no one has yet been found, who will deny that NEWBRO'S HERPICIDE does the work. Well, for the information of thousands of people who like to know all about a good thing, we would say that HERPICIDE means, a destroyer or killer of "Herpes." Now "Herpes" is the family name of a disease caused by various vegetable parasites. A similar microbe causes dandruff, itching scalp, and falling hair; this is the microbe that NEWBRO'S HERPICIDE promptly destroys; after which the hair grows. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Two Dyspeptics

If you are too fat it is because your food turns to fat instead of muscle—strength. If you are too lean the fat producing foods that you eat are not properly digested and assimilated.

Lean, thin, stringy people do not have enough Pepsin in the stomach, while fat people have too much Pepsin and not enough Pancreatine.

Kodol

Dyspepsia Cure

contains all the digestive juices that are found in a healthy stomach, and in exactly those proportions necessary to enable the stomach and digestive organs to digest and assimilate all foods that may be eaten. Kodol is not only a perfect digestant, but it is a reconstructive, tissue building tonic as well. Kodol cures Indigestion, Dyspepsia, Sour Stomach, Heartburn, Palpitation of the Heart and Constipation. You will like it.

Digests What You Eat

Rests the stomach, rebuilds the tissues and gives firm flesh.

Dollar bottle holds 2½ times as much as the trial, or 50 cent size. Prepared at the Laboratory of E. C. DeWitt & Co., Chicago, U.S.A.

Marked for Death.

Members of the Black Hand Society, which Father Anthony Cerrutti, of Carbondale, has virtually suppressed in Carbondale, Pa., and vicinity, have plotted to inflict upon him the famous "face-cut," by which enemies of the society are marked for life. The plot was discovered last week. Father Cerrutti escaped four men who tried to waylay him and all of them were arrested and sent to jail. Three of them are related to men whom the priest and St. Joseph's Protective Society, which he organized, sent to jail. These men were overheard planning the assault and when arrested the one selected to do the cutting was armed with the peculiar razorlike knife with which the slash is inflicted.

The "face-cut," which has been inflicted upon several in the Carbondale region who have opposed the society, either by refusing to pay the "protection money" which the members extorted from them or by giving information against the members, while not so serious as the shootings and stabbings which occurred, is particularly dreaded, for it marks the victim for life and enables any members of the Black Hand, the Mafia, the Camorra or kindred societies to place him at once as one who has opposed them. It is inflicted with a razorlike knife and is a slash down the cheek and another one across it, making a big X, which leaves a livid scar. It is done with two quick slashes, and the victim is usually marked for life before he is aware that he has been assaulted. The police, during the crusade against the Corbondale Black Hand members, discovered that novices in the art of "face-cutting" were given regular practice lessons and that every Sunday a number of them met at a secluded spot on the mountains to practice the "face-cut" and how to shoot or stab men without killing them.

Rogers' Gift Assailed.

Henry H. Rogers' gift, the $1,000,000 Unitarian Memorial Church at Fairhaven, Mass., which is the pride of the town, was vigorously assailed yesterday afternoon by Rev. J. C. Cassidy, chancellor of the diocese of Fall River, the occasion being the laying of the cornerstone for the chapel of St. Joseph's, the first Catholic church in the town. The new chapel is under the guidance of the Fathers of the Sacred Heart, who, excluded from France, have established in Fairhaven the first community of their order in this country. Father Cassidy, comparing the two structures said: View them as you may, these two structures shall stand for the two great forces, which, in the years to come, will struggle for the possession of the nation's heart. Here a loving of one's neighbor is next to God; there a disregard of the rights of others and a survival of the strongest. The one built of the wealth and surplus of the mighty rich, consuming fabulous sums without inconvenience to its builder; erected as a monument to one man. I know not that it overshadows us today a great Goliath, typical of the power and pride of individual exaltation. In its shadow rises the newborn infant David, humble and lowly and unassuming, built by the hard-earned pennies of the laboring poor. One is a monument to the God of modern materialism; the other erected to the sacramental Christ."

Anxiety in Austria.

Count Cziraky, who on Saturday was appointed by the King-Emperor, Francis Joseph, to negotiate with the leaders o the coalition parties in the Hungarian Diet, with a view to the formation of a Hungarian cabinet, had a conference with these leaders yesterday lasting for an honr and a half. It is understood that the count received from them a written declaration to the effect that they would be unable to assume the responsibility of government on the conditions imposed by his majesty, as these conditions were directly in opposition to their personal views and also in opposition to the mandate of the people at the last election. Count Cziraky then left the conference in order to report to the King-Emperor, promising to return with his majesty's reply. After an audience with the King-Emperor, Count Cziraky returned to the hotel and found that Count Julius Andrassy, Count Zichy, Baron Banffy, and Francis Kossuth had departed for Budapesth and that Count Albert Apponni, the other representative of the coalition, had gone to join his family at Weidlingan. This apparently brings the negotiations to a close. It is admitted in Vienna that the situation is now worse than ever, and Count Cziraky's mission is considered hopeless. Considerable excitement prevails in political circles, and the developments of the next few days are anxiously awaited.

Incredible Brutality

It would have been incredible brutality if Chas. F. Lemberger, of Syracuse, N. Y., had not done the best he could for his suffering son. "My boy," he says, "cut a fearful gash over his eye, so I applied Bucklen's Arnica Salve, which quickly healed it and saved his eye." Good for burns and ulcers too. Only 25c at E. S. Leadbeater and Sons, drug store.

Numerous and Worthless

Everything is in the name when it comes to Witch Hazel Salve. E. C. DeWitt & Co. of Chicago discovered some years ago how to make a salve from Witch Hazel that is a specific for Piles. For blind, bleeding, itching and protruding Piles, eczema, cuts, burns bruises and all skin diseases DeWitt's Salve has no equal. This has given rise to numerous worthless counterfeits. Ask for DeWitt's—the genuine. Sold by W. F. Creighton & Co., 401 King street.

Tired, Nervous Mothers

Make Unhappy Homes—Their Condition Irritates Both Husband and Children—How Thousands of Mothers Have Been Saved From Nervous Prostration and Made Strong and Well.

Mrs. Chester Curry — Mrs. Chas. F. Brown

A nervous, irritable mother, often on the verge of hysterics, is unfit to care for children; it ruins a child's disposition and reacts upon herself. The trouble between children and their mothers too often is due to the fact that the mother has some female weakness, and she is entirely unfit to bear the strain upon her nerves that governing children involves; it is impossible for her to do anything calmly.

The ills of women act like a firebrand upon the nerves, consequently nine-tenths of the nervous prostration, nervous despondency, "the blues," sleeplessness, and nervous irritability of women arise from some derangement of the female organism.

Do you experience fits of depression with restlessness, alternating with extreme irritability? Are your spirits easily affected, so that one minute you laugh, and the next minute you feel like crying?

Do you feel something like a ball rising in your throat and threatening to choke you; all the senses perverted, morbidly sensitive to light and sound; pain in the ovaries, and especially between the shoulders; bearing down pains; nervous dyspepsia, and almost continually cross and snappy?

If so, your nerves are in a shattered condition, and you are threatened with nervous prostration.

Proof is monumental that nothing in the world is better for nervous prostration than Lydia E. Pinkham's Vegetable Compound; thousands and thousands of women testify to this fact.

Mrs. Chester Curry, Leader of the Ladies' Symphony Orchestra, 42 Saratoga St., East Boston, Mass., writes:

Dear Mrs. Pinkham:—

"For eight years I was troubled with extreme nervousness and hysteria, brought on by irregularities. I could neither enjoy life nor sleep nights; I was very irritable, nervous and despondent.

"Lydia E. Pinkham's Vegetable Compound was recommended and proved to be the only remedy that helped me. I have daily improved in health until I am now strong and well, and all nervousness has disappeared."

Mrs. Charles F. Brown, Vice-President of the Mothers' Club, 21 Cedar Terrace, Hot Springs, Ark., writes:

Dear Mrs. Pinkham:—

"I dragged through nine years of miserable existence, worn out with pain and nervousness, until it seemed as though I should fly. I then noticed a statement of a woman troubled as I was, and the wonderful results she derived from Lydia E. Pinkham's Vegetable Compound, I decided to try it. I did so, and at the end of three months I was a different woman. My nervousness was all gone, I was no longer irritable, and my husband fell in love with me all over again."

Women should remember that Lydia E. Pinkham's Vegetable Compound is the medicine that holds the record for the greatest number of actual cures of female ills, and take no substitute.

Free Advice to Women.

Mrs. Pinkham, Lynn, Mass., invites all sick women to write to her for advice. Mrs. Pinkham's vast experience with female troubles enables her to tell you just what is best for you, and she will charge you nothing for her advice.

Hired Man Weds Rich Girl.

George Keck, a day laborer on the farm of John Williams, the wealthiest farmer in Westmoreland county, Pa., Friday remarked that he guessed he would leave and would take his wife with him. He pointed to Katherine, the 20-year-old daughter of Williams, saying she had been Mrs. Keck for several months. The young woman blushingly admitted that such was the case, whereupon Farmer Williams made a dash for the family shotgun. There was some fierce gun play, in which young Mrs. Keck was slightly wounded by a charge of buckshot. Keck retreated, but Saturday he came with a team and some friends, and got away not only with his wife, but with his mother-in-law as well, the latter declaring she would go with her daughter on her honeymoon trip. Keck is twice as old as his wife.

SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

MONDAY EVENING, SEP. 25, 1905.

EUROPE just at present seems to be suffering from an attack of war fever and an epidemic of international quarrels is sweeping over the continent. No less than ten countries are engaged in making war grimaces at one another and in some of the quarrels there is an element of seriousness that must lead to unpleasant results. Germany and France have not been in accord over the Moroccan question, and while apparently a final settlement has been reached, diplomats do not consider that there is more or less seriousness in the situation. Russia and Finland are quarrelling over the methods which the bureaucracy has been dealing with the grand duchy, and Austria and Hungary have apparently reached a crisis in their dispute over the subject of whether the Hungarian language shall be used in giving commands to the Hungarian soldiers. At the same time Servia and Turkey have a dispute of their own arising from the raids made by Turkish troops into Servian territory and Roumania and Greece are at outs over the attacks made by Roumanians upon Greek subjects. The two really serious quarrels are between Russia and Finland and Austria and Hungary. Russia is sending numerous soldiers to Finland to curb the growing restlessness of the Finns. Reports are circulating that the Finns have succeeded in securing several heavy consignment of arms and ammunition which they intend to use in organizing a general insurrection. Just at present both sides are waiting, each desiring the other to make the first overt move. Rumors of war are being multiplied daily, and many believe serious conflicts are booked for the near future.

THE Ohio republican State campaign was opened at Bellefontaine Saturday in a manner that was little short of sensational. Senator Foraker, who has for four years been recognized as the Roosevelt leader in the State, and who has contested with Senator Dick, and before him with Senator Hanna, for control of the machine, was one of the speakers. In an address Mr. Foraker flatly repudiated President Roosevelt's programme for legislation by Congress giving the federal government power to fix and regulate railroad rates. Speaking with Senator Foraker from the same platform were Vice President Fairbanks and Governor Herrick. The former upheld the President's plan for rate regulation legislation, saying that Congress will certainly take up and decide this question, and he also declared that Congress will not overlook the necessity for tariff revision. Gov. Herrick was equally emphatic, asserting that Ohio republicans stand for everything Mr. Roosevelt favors. There is a good deal of the cookoo about the governor's speech, but it is interesting to democrats to see that there are stand patters and anti-stand patters in Ohio.

EXPERIMENTS being made at Lexington, Mass., with peat as fuel for locomotives and general manufacturing industries are proving successful, and it is predicted that a period of new commercial possibilities is at hand. The Boston and Maine Railroad is using big quantities of peat in its engines on short runs, with satisfying results. The inventor of the apparatus for preparing peat says his discovery will revolutionize manufacturing in districts far from coal fields. The advantages over coal are more heat, lower cost and much less smoke. The one disadvantage is that coal and peat cannot be used together. It must be one or the other. Peat, which has long been used in Europe, is made from vegetable deposits dug out of swamps and dried into briquettes that are almost as hard as coal. It is hoped that the scientists will soon bring about such a state of affairs that the swamps which are to be found in every land can be utilized as fuel producers.

THE QUIET city of Peking has been invaded by the bomb-throwers. One of these infernal machines was exploded yesterday in a private railroad car. The fiend who used the deadly device was killed, as well as four officials. Others were more or less injured. Bomb-throwers are the terrors of the age. There is absolutely no safeguard against such degenerates, and officials are almost at all times at their mercy. The spirit of lawlessness is gradually increasing. Every country is infested by a class who are natural-born regicides and enemies of law and order. Revolution seems to be epidemic. No government meets the dreams of modern outlaws. Their chief design is to turn the world into a seething maelstrom of anarchy in which riot, plunder and murder can be carried on unchecked.

SENATOR THOMAS C. PLATT, of New York, still fears Mae Wood, and not only has he refused to pass through Omaha on his return trip to New York, but he appears to be keeping his itinerary secret. He has arranged with the Union Pacific to bring his private car through from the coast, and has stipulated that he must not be sent through Omaha, but must be sent around the city, as was the President's car when Mae Wood was in waiting for Secretary Loeb at the time of the President's return from his hunting trip. Senator Platt fears that innumerable summons and subpenas in Mae Wood's suits will be served on him should he pass through Omaha. This is a sad light for a United States Senator to be shown in and is made doubly so when it is remembered that the Senator is an octogenarian.

A REPORT issued by the Department of Commerce and Labor shows that the result of the attempt to grow cotton in West Africa has been very discouraging owing to the absence of transportation and the lack of labor. The South is the natural land of cotton and will probably continue so for years to come. Then, too, cotton is yet king.

NOTWITHSTANDING that the Kansas Legislature last winter passed a law separating the negro and white pupils in the Kansas City schools, the negroes of that city have decided to test in the courts the refusal of the high school to admit negro pupils.

AN ALEXANDRIAN who attended the funeral of ex-Gov. O'Ferrall in Richmond yesterday says he saw many other dead politicians besides the ex-Governor. True, O king.

Washington, D. C., Sept. 25.

Protests against the ruling of the Commissioner of Internal Revenue, relative to patent medicines containing a large percentage of alcohol, continue to increase the daily mail of the Secretary of the Treasury. It is semi-officially announced that the department will not interfere with the ruling and that the only recourse of the complainants will be the courts. There is no disposition on the part of Secretary Shaw and Commissioner Yerkes, however, to deal harshly with the concerns whose products must be taxed as liquor, under the ruling. In conformity with this policy the Internal Revenue Bureau has notified patent medicine concerns that no final action in their case will be taken before according them a hearing. The department recognizes the injury to a proprietary medicines which might result from prolonged litigation. To avoid this it may be agreed to test the question in a friendly way in court, having compounds prepared similar to those the department is attempting to reach, but under other names. The cases could be advanced and an early decision reached as well as freeing the patent medicine concerns from possible loss in trade in the event that the government should be defeated.

A complaint was filed before the Interstate Commerce Commission today by the Marshall Oil Company of Marshalltown, Iowa, against the Chicago, Burlington & Quincy, the Union Pacific and other railroads, which avers that rates on petroleum from Iowa and Nebraska points to Kansas, North and South Dakota discriminate unduly in favor of carload shipments of petroleum oil. The complaints allege that the divergence in the rating was made in order to favor the Standard Oil Company, a competitor.

Milton D. Purdy, recently appointed assistant to the Attorney-General has returned from his European trip and assumed the duties of his office today.

The Interstate Commerce Commission today heard arguments in the case of the Warren Manufacturing Company and others against the Southern Railway Company and others, the contention being that the defendants' rate of 41 cents from Warrenville, South Carolina, and Augusta, Georgia, to New York City is unjust and unreasonable.

Reports to the Marine Hospital Service from the Phillipines announce successful experiments in the treatment of the leprosy by the X-ray. In three cases treated two have progressed so rapidly that it is no longer possible to detect leprosy bacilli in scropings from the skin. The third patient died, but an autopsy disclosed the cause to have been atrophy of the liver and failed to reveal any leprosy bacilli in the body.

Frederick A. Wilder, a letter carrier, was held under $1,000 bonds this morning by United States Commissioner Taylor for the grand jury on a charge of stealing and embezzling from the United States mail. When arranged he pleaded not guilty and waived examination. His arrest grew out of complaint lodged with the local postoffice that valuable mail matter had been lost on Wilder's route.

Wang Ta-hsia, the counsellor of the Chinese legation here, who has just been appointed Minister to Great Britain, and Wong Kai Kah, who has been investigating trade conditions in this country and is about to depart on a similar mission to Japan, called this morning upon Assistant Secretary of State Adee to say goodbye. With the departure of these two, the staff of the Chinese legation here will be reduced to its normal strength. Their advent was rather mysterious and it was not until today when Wang's appointment to the important post of Minister to London was announced that it became known that he was a high official of the Chinese Foreign Office.

The statement telegraphed from Louisville that Capt. Thos. H. Upperman, who died there Saturday from augina pectoris, was hounded to death by his army superiors, is most emphatically denied by Gen. Chas F. Humphrey, Quartermaster General. The Louisville dispatch stated that for political reasons Upperman had been transferred to Delaware City where the climate did not agree with him and where he worried constantly to go home. "Capt. Upperman was a clerk in the quartermaster's depot at Jeffersonville, Ind., for about twenty years," said Gen. Humphrey this morning. "Two years ago he and about ten or twelve other men from the same depot were transferred because they were allowing local politics to interfere with their work and were not paying sufficient attention to their duties for the government."

The fact that President Roosevelt, has reiterated his settlement of the Japanese-Russian war the statement that he would not under any circumstances, except the nomination in 1908, was made known here by Congressman Prince, of Illinois today. The President wrote a letter on the subject to the editor of Fulton county Illinois, who was one of those who advocated Roosevelt's renomination in 1908. In this letter he declared that his determination to retire was final as he considered the seven year's of his service to be equivalent to two full terms, more than which no man should occupy the presidency.

A number of important cases will be heard by the Supreme Court of the United States at the fall term which begins next month. Among these is one involving the title to the Isle of Pines, off Cuba. The suit was brought by Edward J. Pearcy against former Collector Stranahan of the Port of New York, and comes to the Supreme Court from the southern district of New York. Pearcy objected to the payment of the customs duties on 40 boxes of cigars manufactured in the Isle of Pines, on the ground that the island was in the possession of the United States and that the cigars therefore were not dutiable. Under the "Platt amendment," which was attached to the constitution of Cuba as an appendix, the Isle of Pines was excluded from the boundaries of Cuba and its future status left to treaty arrangements between Cuba and the United States which have not as yet been effected. Attorney General Moody expects to argue the case on behalf of the government, as also the rebearing of the Phillipine tariff cases, which will come up in the October term. The cases of John W. Ballman, of Cincinnati, Ohio, who refused to answer questions before the grand jury there on the ground that he was protected by the constitution from testimony that might tend to incriminate himself, will be heard by the court on a writ of error. Two cases from New York city, in which the point at issue is identical with this, will also be argued. They are those of Edward F. Hale and W. H. McAllister against U. S. Marshal Hinkle. They declined to give testimony in the trust inquiry being conducted in that city. It is understood that the motion to advance these cases for speedy action will be made early and will be granted. The case of ex-Senator George E. Green, indicted with G. W. Beavers, for complicity in the postal frauds in connection with the Bundy time clock contract, will be he heard on appeal. Green contests the right of the government to bring him to Washington for trial. The questions involved are almost on all fours with those in the case of Beavers, who fought extradition but lost. Senator Mitchell, of Oregon, convicted in the United States courts there for alleged participation in land frauds has carried his case to the Supreme Court of the United States and will have a hearing some time this fall. The papers arrived last week and were placed on file by the clerk.

The Kenilworth poolroom cases will be tried at Upper Marlboro, Prince George county, Md., October 9.

Ex-Gov. O'Ferrall's Funeral.

With boom of cannon and strains of martial music, the body of Charles Triplett O'Ferrall, former Governor, jurist, Congressman and soldier, was laid to rest in Hollywood Cemetery, Richmond, yesterday. Thousands were present to honor his memory, lining the streets as the black-robed caisson, attended by its armed escort, moved slowly by.

The ceremonies were conducted in the Second Presbyterian Church, of which he was long a member. The pastor, Rev. Dr. Russell Cecil, and Rev. Dr. S. C. Mitchell, of Richmond College, officiated. The body was carried from his late home to the church on the caisson which had borne the bodies of President Jefferson Davis and Gen. Fitzhugh Lee to their last resting places. The casket was hidden by flowers. Behind the caisson was led a riderless horse draped in black and with saber reversed. Leading the procession were Governor Montague and staff, attended by companies of military from Petersburg and Lynchburg. Behind the caisson came the Richmond Light Infantry Blues and the Howitzer Battery.

Escort from Lee Camp Confederate Veterans followed. After brief services at the church the procession moved to Hollywood Cemetery, while a single gun in the Capitol Square boomed at intervals in honor of the gallant soldier's memory.

Among the telegrams which have reached the family of the deceased is the following:

Buzzard's Bay, Mass., Sept. 24

I am intensely grieved at the death of your father. The State of Virginia has lost a brave and upright citizen, whom I was delighted to call my friend.

Accident to Mayor's Party.

Col. Harry H. Baker, mayor of Winchester and member of the staff of Gov. A. J. Montague, of Virginia, had a narrow escape from serious injury and possibly death yesterday morning. Mayor Baker was driving with Col. and Mrs. J. M. Murphy, of Philadelphia, and Mrs. Lillian Mancha, of Detroit, who have been spending the summer at Jordans Springs, six miles from Winchester. Two horses, driven by the mayor, were going at a livey rate along the road leading to Winchester when the rear wheel of the vehicle suddenly collapsed. Both ladies were thrown violently to the ground, Mrs. Murphy falling heavily upon Mrs. Mancha. Col. Baker, with the lines still in his grasp, was hurled from his seat. For a considerable distance he was dragged face downward by the horses, which had become frightened. Finally the animals were stopped and the mayor was rescued from his perilous position. After repairs had been made the party continued their journey to Winchester.

Elwood V. Amos, who went to Baltimore from Orange, Va., and had recently been employed as an engineer on a traction engine at the Maryland Steel Company's works, was found dead on the tracks of the Sparrows Point Railroad yesterday evening at Turner's station. The body was horribly mangled, a train having cut some of his limbs from his body. Relatives of the dead engineer claim that he was robbed and killed and his body then thrown on the track. The police give credence to this theory, as Amos had received his pay on Saturday, and only a few cents were found on the body.

A mob of 20 persons, at Williamson, the county seat of Mingo county, W. Va., on Saturday night broke down the jail door and, prying open a cell, took out Moses Lovern, a negro. The mob was masked, but the identity of several are known, and arrests will probably occur. Lovern had struck James Butcher, a prominent business man, with a club on the street Saturday inflicting a dangerous wound. The negro is still alive, but his wounds may prove fatal.

Boys Kill Eagle with Bat.

A bald eagle measuring 5½ feet from tip to tip of the wings was killed Saturday in Vailsburg, N. J., by Felix and Edwin Ritters, aged, respectively, 12 and 13 years. The boys were crossing the field with their dog a short distance from their home when the eagle swooped down on the dog and attempted to carry it off. Edwin ran to the rescue and seized the eagle by the neck. The big bird fought desperately, tearing the lad's clothing into tatters with its talons, but he held it fast until his brother killed it with a baseball bat.

Letter to Rev. J. H. Ewell.

Alexandria, Va.

Dear Sir: In making pastoral visits, of course, you do not consider your pleasure or comfort or ease: you go where your people live. But you have two sets of feelings in going about—can't help it—for a part of your business is sympathy. Well-kept lawns and well-tilled fields, nice homes and nice people, are cheerful to you, as they are to everyone. Tumbledown buildings, poor fences, men harrassed by burdens too heavy for them, over worked women, and dirty-faced children, you may be strong to get on with; but you would be more than human to find inspiration in misery.

Paint divides the two sorts of people; one paints, and the other don't. Or, perhaps, the thrify paint well; the unthrifty paint ill.

To paint well is to keep paint sound. There are two ways to do it; one is bound to paint often; the other to use good paint.

It costs about half as much to paint Devoe as to paint with any other paint; for Devoe takes fewer gallons than mixed paints and wears twice as long as lead-and-oil.

The thrifty and comfortable have the art of using money more wisely. How lucky they are! how happy!

Yours truly,

Today's Telegraphic News

Prays to Become a Catholic.

Pittsburg, Sept. 25.—"Pray, Holy Father, that I may obtain grace to become a Catholic." It became known that the woman who at a recent audience given by Pope Pius X handed to him a card with the foregoing inscription is Mrs. Charles M. Schwab, wife of the former president of the United States Steel Corporation. The news, which comes upon authority that cannot be disputed, caused a stir in Pittsburg society. Mrs. Schwab has been an ardent member of the Protestant Episcopal Church, while her husband is a devout Roman Catholic. Although their creeds differ, the harmony of their domestic life has been the marvel and inspiration of those who have known the Schwabs in their own home. Neither has made an effort to sway the religious belief of the other. Mr. Schwab, in fact, has erected the Mary E Kinsey Memorial Protestant Episcopal Church, at Braddock, to please his wife. It is in memory of her mother, and replaces the church which Mrs. Schwab attended when she was a child. Mrs. Schwab is now in Europe. The audience of which she asked for the prayers of the Pope was given several weeks ago. Mr. Schwab is in this country. It is known that Mrs. Schwab has longed to be as one with her husband in the matter of religion, and that she has long sought spiritual guidance to this end.

Dredge Foundered.

Buffalo, N. Y., Sept. 25.—Dredge No. 4, of the Lake Erie Dredging Company's fleet, foundered and sank in 100 feet of water two and a half miles off shore between Dunkirk and Van Buren Point yesterday afternoon. The dredge was valued at $20,000. Vessel men say it will be impossible to raise her. Captain George Miller and crew of six, all of Buffalo, jumped into the lake, grasping life planks a few minutes before the huge dredge sank. The waves were rolling mountain high and a stiff northwest gale was blowing. The lives of all were in great peril, but quick work and masterly seamanship on the part of the crew of the tug Cascade, which had the dredge in tow, saved them.

Fatal Fall.

West Osippe, N. H., Sept. 25.—Dr. James Read Chadwick, of Boston, an eminent specialist in gynecology, founder of the Boston Medical Library, accidentally fell from a bed room window of his summer residence at Chocorua, N. H., Saturday night and was found dead beneath the window Sunday morning by one of his servants. Dr. Chadwick had been affected of late with heart trouble and felt ill on retiring Saturday evening. It is supposed that he suffered from shortness of breath during the night and, going to the window for air, fell to the ground, a distance of 20 feet or more. He was 61 years old.

Steamer Collides with Schooner.

Vineyard Haven, Mass., Sept. 25.—The British schooner Viola J. from St. John, N. B., for New York, with a cargo of lumber, has arrived here in a waterlogged condition, the vessel having been cut down on Saturday night by the steamer Indian, on her way from Philadelphia to Boston. The collision occurred opposite East Chop, Vineyard Sound. A great hole was torn in the port side of the schooner and the opening filled with water in a few minutes. The schooner's cargo of lumber kept her from sinking. The Indian proceeded for Boston.

Five passengers in addition to the motorman and conductor were taken to the county hospital by the police. Two of the passengers are said to be fatally hurt. A defective flange on a front wheel of the car is said to have caused the wreck.

The delegates come from every part of the country, and from Canada and Mexico.

Shielding a Woman's Honor.

New York, Sept. 25.—The belief prevails in some quarters that William Scollay Whitewell, the Harvard senior, who mysteriously disappeared from this city on February 6, 1903, is the man who is imprisoned in this State to shield a woman's honor. When Governor Higgins returns to Albany on Wednesday Col. Fisher Hansen, the lawyer who first gave the world the story of the self-sacrifice of the young man, will lay the facts before the governor.

Suit Case Mystery.

Boston, Sept. 25.—The suit case mystery is still puzzling the police. No clues have yet been found as to the identity of the young woman whose body was fished out of the water at Wintrop last Thursday. The missing members have not yet been found. The police believe that the suit case was thrown from the platform of a Boston and Revere beach car, as a man was seen carrying a heavy suit case of the same description as that found in the water, and was afterwards seen without it. Medical Examiner Harris this morning filed his report on the autopsy performed by him on the body of the young woman. It is in line with the preliminary report that the girl met death at the hands of some unknown person through an illegal operation. The report concludes: "And I further declare it to be my opinion that the woman came to her death by septic peritonitis, following an operation connected with pregancy from eight to twelve weeks."

Pardoned from the penitentiary, where he was sent for 10 years for killing James Brandon, his wife's seducer, in 1902, Benjamin Harmon journeyed three days and nights without sleep to his old home at Milan, Ohio, to tell his wife of his forgiveness and to clasp his arms again. The reunion was an affecting one.

Peter Smith, a well-known glass worker of Millville, N. J., committed suicide this morning by shooting himself with a rifle. Melancholia, resulting from worry over business losses, is given as the cause. Smith's mother lost her reason on seeing her son's dead body and it is feared she may not recover. A sister is prostrated and is in a critical condition.

Bomb Throwing in Peking.

At the Peking, China, Railway station yesterday, as a train carrying one of the four missions ordered abroad to study foreign political methods was leaving, a bomb was exploded inside a private car, killing four minor officials and wounding over 20 other persons. The wounded include Prince Tsai Tche, who heads the most important of the missions, and Wu Ting-Fang, former Minister to the United States, both of whom received slight injuries. The perpetrator of the outrage, who was in the car, was blown to pieces.

The affair has created a profound sensation and causes apprehension regarding the safety of the members of the court and leading officials of the government.

The government offices and the railways are now strongly guarded.

The edict appointing the missions mentioned in the foregoing dispatch was issued July 16. A dispatch from Peking August 29 said that the missions were appointed to study foreign systems of government because the Dowager Empress intended to issue a decree at the New Year for the establishment of a parliament 12 years hence.

To Advance Price of Coal.

The coal operators of Pennsylvania, Ohio, Indiana, Illinois, West Virginia, and part of Kentucky will close down their mines April next for an indefinate period. The object primarily is to advance the price of coal, incidentally to give the United Mine Workers of America a crushing blow. It will be the first time the anthracite and bituminous coal operators will be combined against the coal miners' union. Heretofore, one or the other kept their mines going while a strike existed in the other region. Herman Justi, commissioner for the Illinois coal operators, has called a meeting in Chicago for November 22 next, for the purpose of effecting an organization among all the coal operators of the country. It is said that Wall street financiers want George F. Baer, of the Philadelphia and Reading, to take charge of the fight against the United Mine Workers. No contracts are being taken by coal operators for delivery after April 1, and no new contracts are being booked. The coal companies from now on will store all their coal for higher prices.

Attempt to Break Jail.

The notorious Hack Lahey gang made a second attempt to escape from the Somerset county, N. J., jail by blowing out the wall in the corridor of the jail with dynamite at 6.30 yesterday evening. William Moore, special watchman, was patrolling outside of the jail at the time of the explosion. An aperture four feet square suddenly opened in the three-foot brick wall of the prison directly above Moore's head. He was so close to the wall that the great mass of brick and debris blown from the walls passed over his head and was scattered for a distance of 100 feet about the jail yard.

An instant after the explosion, Hack Lahey and two of his companions crowded partly through the hole in the wall and looked down into Moore's revolver. Moore fired at the first head that came through the wall, and the three prisoners hastily drew back and dropped to the floor of the corridor uninjured. The prisoners have since been kept in close confinement, and were allowed only the freedom of the corrider for thirty minutes in the evening. It was during their freedom in the corridor last night that the explosion occurred. It is believed that the explosive was probably carried into the jail by tramps who have been recently committed.

Lahey, Harrington, and Regan are desperate highwaymen. They were recently caught asleep in an old farmhouse near Finderne by the local police, who captured them before they had a chance to fight. Lahey at the time of his capture sprang away from the police, keeping up a heavy fire as he ran.

Riot at a Church.

A long standing disagreement between 300 parishioners of St. Stanislaus, (Polish) Church at Adams, Mass., and the pastor, Rev. M. F. Kopythiewicz, culminated yesterday in a riot at the church doors during high mass. Stones were thrown, and the police were obliged to draw their revolvers before peace was restored. The dissatisfied parishioners marched to the church in a body and attempted to displace the regular collectors with collectors of their own. Chief of Police Curran and several officers, who had been summoned, were forced to draw their clubs to disperse the crowd. The parishioners met the action of the police by throwing stones, and two of the officers were struck, but not injured. The police then drew their revolvers, and overawed the crowd, which retired a short distance. The police made six arrests. While the officers were taking their prisoners to the station, the crowd went back and entered the church. The police returned shortly with re-enforcements and by freely using their clubs, drove the invaders from the building. The trouble in the church developed last month over the financial condition of the parish.

Sobriety in Business.

"The business and social life of the great city of New York is turning to beer and soft drinks," said Charles H. Treat, United States treasurer, when the subject came up of the experiment of the Subway Tavern. "As collecter of internal revenue in the Wall street district of the city and in the clubs of which I am a member I observed the same tendency. If you should walk into some of the great political and social clubs of New York today, organizations composed of the best business and professional men of the city, seventy-five per cent. of those sitting around the tables would be drinking soft drinks, in which I include beer as the foremost. Even wines are being used in decreasing quantities. This is because wines often contain much more alcohol than is good for the consumer. My long experience as a collector of internal revenue taught me that the fortification and blending of wines often resulted in a mighty strong drink. It is well known that wines are nearly always fortified with alcohol. Wine dealers blend their different varieties, resulting in another mixture of alcohol. The consequence is that the alcoholic strength is variable.

"In these days of strict business requirement in a great city, men become temperate because of actual necessity. They still desire something that is gently stimulating and meets the wants of companionship. There is no question that they are turning largely to beer, seltzer, and such drinks. Less than one-fourth of those noticed in a big club are taking whisky. When there was an exposure a year or so ago of the use of wood alcohol in a number of saloons in in place of whisky, resulting in the death of several men, I noticed in my own club a still greater tendency to leave whisky off and substitute beer, the purity of which is, as a rule, unquestioned.

"The giant railroad companies, the immense business interests of the country of all sorts, are beginning to exact from their employees a strict pledge to avoid distilled liquors, but these great concerns recognize the demand of human nature for a stimulant, and most of them do not prohibit beer and the mild drinks. The rule is a good one, in my opinion. I have lost tens of thousands of dollars by the inebriety of brilliant men whose talents in certain lines made them almost indispensable to me. Yet, as I grow older, I become stricter in wanting to know the personal habits of a man. If he drinks whisky I would not employ him at any price. If he drinks beer in moderation, or other soft drinks, I would regard him as temperate and unobjectionable. Such is the almost universal rule of business men of prominence. That accounts more largely for the increasing temperance of the United States than all the laws ever made."

Cyclone in Calabria.

A dispatch from Rome says another cyclone caused enormous damage in Calabria yesterday. A gradual clearance of the buildings ruined by the recent earthquakes show that the number of persons who perished was greater than given in the first estimates. Large numbers of bodies are being found daily. The work of constructing wooden cabins under government supervision is progressing rapidly. Two thousand have already been completed and 4,000 more will be necessary to shelter the homeless people who are sleeping in the railroad depots. According to statistics 20,000 cattle perished during the earthquakes.

Startling Mortality.

Statistics show startling mortality, from appendicitis and peritonitis. To prevent and cure these awful diseases, there is just one reliable remedy, Dr. King's New Life Pills. E. Flannery, of 14 Custom House Place, Chicago, says: "They have no equal for Constipation and Billiousness." 25c at E. S. Leadbeater, & Sons, druggists.

Rechabites.

At the meeting tonight of Perseverance Tent, No. 1098, I. O. of R., a large number of candidates will be initiated. The officers in charge of the degree work will be assisted by the degree team of Onward Tent, of Washington, under the leadership of Miss Mary Ford, C. R. This order is the oldest, largest and wealthiest total abstinence society in the world, having been instituted in England, August 25, 1835. The membership now numbers over 350,000 with accumulated funds of nearly $7,000,000. The order has a funeral benefit fund which pays $100 on the death of a member. The most important object of this order is mutual benefit in the exercise of "Temperance, Fortitude and Justice," securing to its membership sympathy and relief in times of sickness and distress, and in the event of death, the proper observance of the necessary funeral obsequies, and it is based upon and seeks the extension of the principles of total abstinence from all intoxicating drinks. High Tent Chief Ruler Jno. C. Moore will leave Alexandria October 1 to organize a new tent in Albany, N. Y., in response to the request of a large number of citizens of that place. Sunday, October 8, is known as Rechabite sermon day, and Rev. W. F. Fisher, D. D., of the Baptist Church, will preach at night to the tent and its friends in the church. Special music is being arranged for this occasion. It is expected that Rev. J. H. S. Ewell will preach to this tent at the morning service in the M. P. Church.

Railroad Work.

The foundations for the overhead bridge a short distance this side of St. Asaph Junction are being constructed and before the end of the present year the structure will be ready for traffic. The bridge will tap the Washington pike (or Columbus street extended) a short distance south of what is known as Poor House lane, and will run west to the alms house from which point a new road will be constructed north almost to the W. & O. viaduct. The road will be west of the railroad tracks, thus avoiding all grade crossings and mimimizing the danger from passing trains, as there will be no necessity to cross tracks. The work of eliminating the roadway from Poor House lane to a point a short distance south of the W. & O. viaduct was commenced today. A temporary thoroughfare for vehicles and pedestrians has been constructed through the new union yards. Tracks will soon be placed on both sides of what has heretofore been known as St. Asaph Junction.

An Unlucky Jump.

Mr. James Rust, a son of Dr. D. N. Rust, jumped from a moving electric train at Lloyds late Saturday afternoon and had a narrow escape from death. Mr. Rust boarded an electric car which makes no stops between Washington and Alexandria. When the car reached Lloyds Mr. Rust jumped from it, although it was traveling at a high rate of speed. The young man was thrown violently to the ground and rendered unconscious. He was picked up by people living in the neighborhood and carried into a nearby house, and Dr. Hugh McGuire, of this city, summoned to attend him. It was at first thought that he had been killed, but he was finally revived and removed to his father's home, near the Episcopal Theological Seminary. Besides a number of painful cuts and bruises on his head and hands, Mr. Rust received a serious injury to one of his feet, which will confine him to his bed for some time.

The Denver Express.

The railroad scene in this great play is beyond doubt the most sensational and realistic mechanical effect ever attempted on any stage. The attempt of Gilson Payne to wreck the Denver Express, his fight with Tommy Tucker, whom he leaves on the track to the mercy of the wheels while he throws open the unfinished switch, and the appearance of Poppy in the nick of time to throw back the switch just as the full sized train goes dashing by at the rate of 40 miles an hour, all go to work the audience into a state of excitement seldom seen in a theatre. This great scenic play will be at the Opera House tonight.

Assaulted and Robbed.

Miss Mary Hohenstein, while on Shooter's Hill road on the way to her home on Seminary Hill between 9 and 10 o'clock last night was held up by a negro footpad who demanded her money. Being loth to give up the same, the brute slapped the young woman in the face and compelled her to hand over her pocketbook. The affair was immediately reported to the Alexandria police and Lieutenant Smith and other officers are endeavoring to identify the negro. The victim of the assault and robbery had previously left an electric train and was on her way home from Washington.

Court Martial.

A court martial convened at the armory of the Alexandria Light Infantry today to try the case of C. N. Nightingill, of that company, charged with being drunk and disorderly and with striking a non-commissioned officer while the Seventieth Virginia Regiment was in camp at Basic City last August. The court was composed of Maj. J. E. King, Capt. G. O. Leech and Lieut. W. G. Walker. Maj. E. H. Gibson acted as judge advocate and Lieut. Demaine, of this city, appeared for the prisoner. The findings of the court were not made public today.

Fall Sunday.

Ideal early fall weather prevailed yesterday, and a majority of residents were on the streets or enjoying strolls on the suburbs. The new union depot was the objective point of many, while numbers strolled over the new tracks to St. Asaph Junction and some went as far as Four-mile-run to inspect the railroad work in progress at and near that point. The electric trains were crowded all day and until late at night with passengers passing to and from Washington.

Golden Wedding.

Mr. and Mrs. Adam Martin are celebrating their golden wedding, they having been married fifty years ago today. A family reunion had been planned for the occasion, but on account of serious illness in the family it was not carried out. Mr. Martin composed the following as appropriate to the occasion:

TO MY WIFE.

My dearest wife, I love thee still,
I loved thee long ago,
When youth and beauty on thy face,
Pure as the snow.

The path of life for fifty years,
We have walked along together;
And now in hand and hand will go
Till death us sever.

Our children dear around thee cling,
Like nestlings to their mother.
God in his love has blessed them all,
Sister and brother.

Our race in life is nearly run,
We feel its ebb and flow,
Like waves upon the distant shore,
That come and go.

We think of days that long have past,
When hopes were bright and fair;
But like the summer flowers that fade
At close of day.

Like friendship's ties that lose their hold,
We thought would last forever,
The wheel of time brings many a change,
Before we cross the river.

Married September 25, 1855.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

Pauline Bell and Mahaly Smith, both colored, arrested by Officers Beach and Bettis charged with attempting to incite a riot, were fined $5 each.

Oliver Keith, colored, arrested by Officers Knight and Ferguson charged with stealing $2 from Albert Johnson, was fined $5.

George Hobday, Wm. Verdon and Peter Kitts, all colored, were arrested by Officers Knight and Ferguson charged with vagrancy. The two first-named were dismissed, but Kitts was fined $2.50.

A young man, arrested by Officer Beach charged with disorderly conduct, was dismissed.

Lawrence Bennett, colored, charged with carrying concealed weapons, was fined $50. Bennett was the negro who was with Bell who was killed by Richard Pines last Friday evening.

Football.

The Second Rhode Island Avenue Methodist Church team defeated the strong junior Alexandria Athletic Club in a brilliant game of football at the Soldiers' Home Saturday by a score of 5 to 0. The line-up of the Alexandria team was as follows: Moore, center; Lloyd, right guard; Roberts, right tackle; Stoutenburgh, right end; Dale, left guard; Schwarzmann, left tackle; B. Ale, left end; Chilcott (captain), quarter back; McBride, left half back; Smith, full back; Smithers, right half back. The Rhode Island Avenue club will come to this city next Saturday at 2:30 and give the home club a chance to even up the score.

The Alexandria Athletic Association foot ball team was defeated on the old fair grounds Saturday afternoon in the first game of the season by the team of soldiers from Fort Hunt, the score being 6 to 0. The Alexandrias played well, but were outweighted by the soldiers.

Disorderly Passengers.

An electric train which left this city at 2 o'clock yesterday afternoon for Washington carried among its passengers a number of Washingtonians who made their presence known after the train arrived beyond the city limits Their language was revolting, not only to the ladies on the train but to the well-disposed males also. They cursed, used obscene language and posed with chips on their heads all the way to Washington. No policemen nor foolkillers were in sight and the roughs had things their own way.

Unwholesome Odors.

People whose business or inclinations carry them to the extreme southern section of the city—especially those who visit St. Mary's cemetery—complain of the odors which arise from fields bordering on the city. This uncomfortable condition of affairs is caused by deposits of night soil. Many people who visited the cemetery yesterday were compelled to leave the vicinity as soon as possible by reason of the effluvium.

Rummage Sale.

The rummage sale to be conducted by the ladies of Lee Camp, Confederate Veterans, will commence at the hall of that organization tomorrow. There is already a large collection and it is hoped it will be materially increased by the time the sale begins. The ladies having it in charge sincerely wish their efforts may prove successful and that much interest be manifested on the part of the friends of the camp.

Concert.

At the Grace Church concert, October fifth, Miss Mildred T. Ficklin will play a piano solo, Ballade, A flat major, by Chopin. The Chopin ballades are among the best compositions written for piano and favorites with all lovers of music. Miss Ficklin needs no introduction, being one of Alexandria's most talented daughters. The management consider themselves most fortunate to secure Miss Ficklin's services.

Family Jar.

An ill-matched young couple living in the western portion of the city got on the war path yesterday evening and the wife is said to have blackened her husband's eye by hurling a missile at him. It is also said that during the unpleasantness the weaker vessel threw her baby at her liege lord, by which act the infant was painfully hurt.

It is understood that Secretary Shaw will speak at a republican meeting to be held in this city about the middle of next month.

The Revenue Office Removed.

The Internal Revenue Commissioner Yerkes an Secretary Shaw this afternoon issued and order removing the office of the Internal Revenue Collector at Alexandria, to Abingdon, the home of Collector Summers.

Notwithstanding the fact that the government has recently spent $75,000 upon the federal building in this city, which has a population of 15,000, the office is to be transported to a southwest Virginia town of 1,300, with but meagre facilities in the way of building or general accomodations to the many having business with the office.

Intruder Shot by Woman.

Stephen M. Crocker, of a well-known New London, Conn., family, is at the Medical Hospital in a serious condition as a result of a pistol shot received while he was terrorizing the family of George Bindless at their home in New London at an early hour yesterday morning. Late Saturday night Crocker went to the Bindless house and when the door was opened in response to his ring, he pushed past the servant and met Mrs. Bindless and her daughter, Miss Stella Bindless. Their refusal to speak to him angered him, and for several hours he had them in a state of terror. Mrs. Bindless tried to get to the telephone to summon her husband or the police, but Crocker prevented her from doing so. Mrs. Bindless, about 4 o'clock yesterday morning, went to her husband's room and secured his revolver to protect herself. As she came down the stairs she saw Crocker beating her daughter, and in her nervousness the revolver, which she had in her hand, went off. The bullet did not strike Crocker, but the shot distracted his attention from the girl, and he turned on Mrs. Bindless. In struggling with her for possession of the weapon it was exploded again, and the bullet entered his body, inflicting a wound that probably will cause his death. Crocker left the house after a short time and went to his his home, where he collaped, and later was taken to the hospital. When he recovered consciousness yesterday afternoon he said that two tramps shot him. Mr. and Mrs. Bindless went to the police station and told their story.

Riotous Italians.

One hundred Italians participated in a riot all day Saturday at Hundred, W. Va., one man being shot to death and from twenty to twenty-five injured. The absence of police regulations gave them a free hand, and for several hours the little town was terrorized. The Italians are employed on a new pipe line, and Saturday they received their wages. All sought the nearest village having saloons, which was Hundred. Arriving there, a fight followed because all could not get into the saloons. They finally separated into small parties, each taking possession of a gin shop. By night they had spent their money, and were fighting mad. One big fellow with a club was particularly beligerent and wanted battle. He swung at one pipe-liner and felled him. The next instant dirks and pistols appeared, and the man with the club was shot and cut to pieces. No officer could be secured to stop the fight, and the men proceeded until they were tired, then fled to the country. No arrests have been made, and it is not likely that the identity of the man who is responsible for the killing will be ascertained.

To Stop Corporal Punishment.

Superintendent Cooley has issued a circular to the Chicago public school principals, which, he hopes, will put a stop to corporal punishment. The attention of the principals is called to the rules which provide that "no corporal punishment of any kind shall be inflicted in any of the schools of the city." Superintendent Cooley says further: "This prohibition is not limited merely to the principals and teachers, but it is absolute. Complaint has been made that in some schools principals call in the parents and permit, and in many cases request that they inflict corporal punishment upon their children. This is a distinct violation, both of the letter and of the spirit of the rule, and must not be permitted. No person, whether connected with the school system or not, should be permitted to inflict corporal punishment on a pupil in any public school of Chicago."

The Colonel's Waterloo.

Colonel John M. Fuller, of Honey Grove, Texas, nearly met his Waterloo, from Liver and Kidney trouble. In a recent letter he says, "I was nearly dead, of these complaints, and, although I tried my family doctor, he did me no good; so I got a 50c bottle of your great Electric Bitters, which cured me. I consider them the best medicine on earth, and thank God who gave you the knowledge to make them." Sold, and guaranteed to cure Dyspepsia, Billiousness and Kidney Disease, by E. S. Leadbeater & Sons, druggists, at 50c a bottle.

THREE JURORS CURED

Of Cholera Morbus with One Small Bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Mr. G. W. Fowler of Hightower, Ala., relates an experience he had while serving on a petit jury in a murder case at Edwardsville, county seat of Clebourne county, Alabama. He says: "While there I ate some fresh meat and some souse meat and it gave me cholera morbus in a very severe form. I was never more sick in my life and sent to the drug store for a certain cholera mixture, but the druggist sent me a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy instead, saying that he had what I sent for, but that this medicine was so much better he would rather send it to me in the fix I was in. I took one dose of it and was better in five minutes. The second dose cured me entirely. Two fellow jurors were afflicted in the same manner and one twenty-five cent bottle cured the three of us." For sale by Gibson & Timberman and W. F. Creighton & Co.

No Unpleasant Effect.

If you ever took DeWitt's Little Early Risers for billiousness or constipation you know what pill pleasure is. These famous little pills cleanse the liver and rid the system of all bile without producing unpleasant effects. Sold by W. F. Creighton, & Co. 401 King street.

A Laxative Cough Syrup.

"A cold or cough nearly always produces constipation—the water all runs to the eyes, nose and throat instead of passing out of the system through the liver and kidneys. For the want of moisture the bowels become dry and hard." Kennedy's Laxative Honey and Tar is the original Laxative Cough Syrup. It meets and corrects the above conditions, by acting as a pleasant cathartic on the bowels—expels all colds from the system and cures all coughs, croup whooping coughs, La Grippe, bronchitis, etc. Sold by W. F. Creighton & Co., 401 King street.
